This is to confirm that the Leader has assessed the risks posed by the event, has taken into account the ages and experience of each team member (along with training and instruction received by the team prior to the event) and is satisfied that the team is able to compete in the event without being accompanied by an adult.

One or two adults may accompany a team. The SL and GSL must be satisfied that the adult(s) have the appropriate skills and knowledge to ensure the competitors are safe and obey the rules of the event. Parent helpers must have been CRB checked.
